

FRONT STREET CONSTRUCTION AREA CLOSURE NOTIFICATION

Construction on Phase I of the Front Street Entertainment and Commercial project is scheduled to begin on Monday, November 3, 2008. This construction will cause some traffic changes that are expected to be in place until the spring of 2010.

The traffic changes are as follows:

- Front Street will be closed to all pedestrian and vehicle traffic between Constitution Way and Columbus Boulevard. Arch Street will remain open to traffic and Constitution Way will remain open to provide access to the Front Street-North garage.
- Most of the construction will take place east of Constitution Way. Signs specifying the closure of Front Street and providing direction into the Front Street-North Garage will be placed at Columbus southbound and at the Whitehead Highway-Columbus ramp.
- The sidewalk on the west side of Columbus Boulevard will be closed starting from the corner of Front Street and Columbus down to Arch Street. The sidewalk on Arch Street closest to the construction site up to Constitution Way and on Constitution Way over to Front Street will also be closed. A small area of the corner of Arch and Columbus will remain open for safe crossings. *(See photo below for reference)*
- Pedestrians heading towards Main Street may cross Columbus from the Convention Center at Arch Street then use the sidewalk on the south-side of Arch Street. Pedestrians may the access Traveler's Plaza via Prospect Street. *(See photo below for reference)*

There may be a need to share other information with you during the course of construction. We will keep you updated on important Front Street activity via email messages. If you have any questions contact Phil McLellan at 860-493-2928 or Terryl Mitchell Smith at 860-493-2907.
